

VCOM Class of 2023 Diploma Framing Information

I have been framing diplomas for VCOM graduates since the school's inaugural class. Highlights of this service include:

- Solid Wood Frames
- Conservation UV Protective Glass
- Acid Free Materials
- Dust Cover on Back with Hanger
- VCOM Medal
- Pen and Ink Stipple Drawing Print of VCOM

Also, each student will receive two copies of their diploma. In past classes, many students have opted to get both framed. If one chooses to do so, he or she can get both diplomas framed by any combination of options listed below.

Each of the available options are listed below with pictures and prices. Still, the pictures do not do the quality of work justice. If you have any specific questions about framing options, or if you have a specific request, please email me at jhlawrence6@gmail.com.
