**Note:** Some groups will be scheduled to complete the Pelvic Model Program and the Simulations on the block calendar. More information will be forthcoming.

**Note:** Suture lab is part of the clinical procedural skills course, whereas scrub lab is an ECE.

**Note:** While most ECEs are scheduled for Fridays, several experiences may be scheduled on Saturday, Sunday, or other day of the week, as determined by the Course Director or the Medical Education Department.

**Note:** Due to classes in the morning, ECEs on 10/26/2018 can only begin at or after 1:00 PM.

*Note - one student in group 17 NEOSIM, scheduled for Dec 14, is scheduled for Dec 17. Please see Canvas for specific SIM assignments.
