**AnMed Health Services:** The system's major service lines include Heart and Vascular Care, Women's Care, Children's Care, Cancer Care and Surgery. AnMed also offers minimally invasive, robotic surgery and access to hundreds of clinical trials for cancer and heart patients.
and stroke care in a state-of-the-art Neuroscience ICU. AnMed Health also provides a wide range of diagnostic services with onsite lab testing and advanced imaging.

**Residency Programs:** Family Medicine

**Housing Resources for Students:**

Below are some apartment complexes that are worth checking out:

   These apartments are very conveniently located to the clinic and hospital; the drive to either campus is less than 10 minutes. It is an easy 3 mile drive to downtown Anderson. This is where most of our current 3rd Year and a few 4th year students reside. (I believe that a single bedroom is running around $800/month).

   These are the newest apartments in Anderson. Situated on the NW side of town, its surrounding attractions include a movie theater, numerous restaurants, and Publix grocery store. It is a 10-15 minute drive from both hospital campuses. Walden Oaks phone number is 864-225-5400.

   Ashton Park is 1 mile from Shadow Creek, so it is also very conveniently located with a short commute to the clinic and hospital. It is 5 minutes away from downtown Anderson. A shopping center with Publix grocery and various shops is within walking distance.

If you prefer to rent a house, here are some property management companies that have current listings:
