All calendars are subject to change due to unanticipated emergencies or illness. Students will be notified via email any time the schedule is changed and with as much notice as possible. In general, however, students should not plan events between 8 a.m. and 5 p.m. during the weeks the blocks are in session, as those are considered the hours of duty for a student. Successful completion of your COMSAE exam, ACLS training, BDLs, and PPC OMM LABS, FINAL EXAM, COMPREHENSIVE PRACTICAL, and OSCE CAPSTONE CASE PRESENTATION are all required for successful completion of Block 8.
