EDUROAM-
How to connect using a MAC-OS device

1 - Open **System Preferences** using one of the following methods:

A - Select the **Apple Logo** at the top left of your screen
- Select **System Preferences** from the drop down menu

B - Select the **System Preferences Icon** from the dock at the bottom of your screen

C - Open **Network Settings**

2 - From the **Network Menu**:
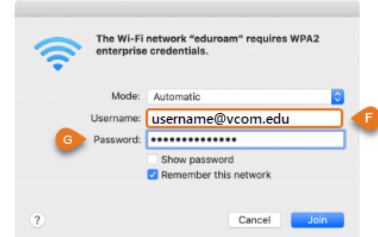

D - Select **Wi-Fi**
E - Set **Network Name:** to eduroam

3 - A pop-up window will appear asking for credentials

F - Enter your VCOM Username into the **Username Field** followed by **@vcom.edu**

G - Enter your VCOM Password into the **Password Field**

You Must Enter @vcom.edu after your username or it will not allow you to connect!

4 - You will be prompted to **Trust** the Network Certificate. Please select continue to complete the connection to **eduroam**
