| **Monday, July 17th** | **Virginia Campus, ZOOM Presentation** | **Caring for our Community: Conversations with Public Leaders** | Carole Pratt, DDS – Senior Advisor & Confidential Assistant at Virginia Department of Health  
Noelle Bissell, M.D. -- Director New River Health District  
Alan Fabian -- CEO of Lewis Gale Hospital Montgomery  
Bill Flattery -- CEO of Carilion New River Valley Medical Center  
Anthony Wilson -- Chief of Police Blacksburg  
John Dooley, Ph.D. -- CEO Virginia Tech Foundation  
Sharon Scott Ph.D. -- Executive Director Blacksburg Chamber of Commerce  
Mary Louise Legg -- Unit Coordinator for the Near Southwest Medical Reserve Corps of Virginia |

As the Virginia Campus plans to transition back to being on campus, the New River Valley’s foremost community health leaders will lead us in a discussion about our community’s preparation and response to COVID-19. This is also an exciting opportunity for students to gain a further perspective and understanding of the complexities of public health leadership.

| **Tuesday, August 11th** | **Virginia Campus, ZOOM Presentation** | **2018-2019 Application Cycle Welcome and Review for Faculty and Staff Interviewers** | Lisa Leichner, Admissions Coordinator on the Virginia Campus |

With the Class of 2023 finally here and settling in, it’s time to begin to recruit and interview the Class of 2024. During this session, we will review data from the Class of 2022 Application Cycle, give an overview of interview procedures, cover questions about the AMP application system and discuss important changes for the upcoming cycle. All administrative staff, clinical or biomedical faculty who interview applicants are asked to please attend.

### Faculty and Staff Development Schedule 2020 - 2021

| October 8, Thursday | Louisiana Campus, Zoom Presentation | **Introduction to CIFSS (Center for Institutional, Faculty, and Student Success)**  
| Presenters: Dr. David Boyle and Jana Carlson, M.ED, from the CIFSS department on the Louisiana Campus |

The Center for Institutional, Faculty and Student Success (CIFSS or sometimes referred to as The Center) was created in August 2014 as a resource for the VCOM community and is a place for the encouragement and support for teaching at all levels, and for the success of student learning. Dr. David Boyle and Jana Carlson, M. Ed., from our Louisiana Campus branch of CIFSS, will discuss the many services currently provided through the Center such as COMLEX support, peer tutoring, academic advising, and faculty and staff development.

HEALTH DISPARITIES: HAVING THE CONVERSATION
THE CLINICAL AND SOCIAL DISCUSSIONS WE NEED TO HAVE

HEALTH DISPARITIES VIRTUAL PANELIST SERIES

Join us for a series of discussions on health disparities that affect minority communities, especially the African American community. The series will focus on seven topics including COVID-19, colon cancer, breast cancer, maternal and fetal health, diabetes, mental health and chronic kidney disease. The events are virtual Zoom meetings with student moderators and physician panelists discussing the academic and clinical aspects of an identified health disparity. Student moderators will present the top clinical barriers and the physicians will discuss their clinical experiences.

Panelists for this discussion include:

Olutayo Segunre, DO, MS, FACOS
General Surgery
VCOM 2012

Kristen Guffney, DO
Gastroenterology and Hepatology
VCOM 2018

Darren Skowell, DO, MT (ASCP)
Hematology and Oncology
VCOM 2013

Student Moderators and Guest Speaker:

Khadijah Simpson, BS
DO candidate 23
VCOM/UNMC

Whitney Nichols, MS
MD candidate 23
Queensip University/UNMC

Jan Willcox, DO, FACOFF-dist
VCOM Virginia Dean

Register for this event: https://vcom-edu.zoom.us/meeting/register/tJllocxsqy4HTbebf9tDJZnXmkMX2YsvLg

This Panel Series is hosted by VCOM Virginia's Office of Diversity and Inclusion

| **Mindfulness and Self-Care in the Time of COVID-19**  
Presenter: Alan Forrest, Ed.D., LPC, LMFT, Professor, Department of Counselor Education, Radford University |

The COVID-19 pandemic can feel overpowering due to uncertainty in virtually all areas of your life. It is important to pause for a moment, collect your thoughts, check in with your emotions, and remain calm. It is normal to feel stressed or overwhelmed during these ever-changing times. Emotional responses may include anxiety, fear, anger, and sadness. You also may feel helpless, discouraged, and occasionally out of control. Taking care of yourself is important so you can be equipped to be present for your family and your work.

Mindfulness is about being fully aware of moment-to-moment thoughts, emotions, and bodily sensations in regard to whatever is happening without the lens of judgment. Mindfulness is the practice of simply observing, watching and examining, and becoming aware of our authentic self. It involves a set of techniques and methods for systematically developing this awareness.

This session will provide a brief overview of mindfulness and how you can use it to embrace change and cultivate self-care strategies during these challenging times.

Learning outcomes include: understanding the fundamentals of mindfulness meditation; acquiring necessary mindfulness focused self-care skills and strategies to maintain vitality and resiliency; experiencing mindfulness to gain a first-hand experience of these practices.

About Dr. Forrest:
Dr. Alan Forrest is a Professor in the Department of Counselor Education at Radford University in Radford, Virginia. Alan is a Licensed Professional Counselor and Licensed Marriage & Family Therapist. In addition to his personal mindfulness meditation practice, Alan leads, and co-leads, mindfulness retreats for college and graduate students, medical and nursing students, human service and mental health professionals, educators, young adults and others. He is actively involved in infusing mindfulness into both his counseling practice and the college classroom. Alan is interested in contemplative pedagogy and facilitates weekly mindfulness practice groups at Radford University for faculty, staff, and students. He has served as a conference committee member for various mindfulness-based conferences in Southwest Virginia. Alan is a founding Board Member of the nonprofit organization In Still Mindfulness of Southwest Virginia and affiliated with the private practice, Life in Balance: Counseling & Wellness Center, in Christiansburg, Virginia.

| October 20,  | Virginia Campus,     | **National Board of Osteopathic Medical Examiners (NBOME) Virtual Item Writing Workshop**  
Presented by NBOME Staff:  
Andrea Clem, DO, Assistant Director for Test Development  
Marie Fleury, DO, MBA, Interim VP for Assessment Services  
Evelyn Ronkowski, Managing Editor  
  
During the workshop, a subject matter expert and editor will be available to answer your questions on constructing items, along with identifying and fixing item flaws. The workshop facilitators will present a selection of items from NBOME assessments, including well-performing items and rejected items. The Item Writing 101 course and workshop will aid you in writing clinical multiple choice questions that reflect item-writing best practices, identifying common item flaws and potential ways to address them, and beginning to practice a collegial approach to item writing review and constructive critique.  
  
Learning objectives for the session include:  
• summarize the basic item-writing principles for multiple choice item examination formats;  
• identify common flaws in item writing and potential ways to address them;  
• write items that reflect item-writing best practices;  
• begin to practice a collegial approach to item writing review and constructive critique.                                                                 |
| Tuesday      | Zoom presentation    |                                                                                                                                                                                                                                                                                                                                                  |
| October 22,  | Virginia Campus,     | **The History and Purpose of International Missions at VCOM**  
Presenter: Dr. Dean Sutphin, Vice President of Internation Missions and Appalachian Outreach  
  
Dr. Dean Sutphin, VCOM Vice President for International Missions, will be leading a faculty development session on the history and purpose of our International Mission program. This will be Zoom only, as Dr. Sutphin will be joining us from Virginia Campus. |
<p>| Thursday     | Zoom Presentation    |                                                                                                                                                                                                                                                                                                                                                  |</p>

| **November 9,** Wednesday | **Virginia Campus,** Zoom Presentation | **Serving Our Students as Biomedical Advisors and Faculty/Staff**  
Presenters: Dr. Jim Mahaney, Dr. Jim Palmieri, Dr. Tiffany Carpenetti and Jillian Clarke, Student Services, all with the Virginia Campus  
VCOM faculty and staff from all campuses are invited to this session. Ideas for serving our students will be shared, with an emphasis on the special needs created by our current situation. OMS 1 students are feeling particularly isolated and in need of support. This includes academic support and helping them build connections for study and social groups. Many of these students are far from home which adds to this feeling of isolation.  
Please come prepared to share ideas and best practices from your experiences serving our students. |
| November 10, Thursday | Virginia Campus, Zoom Presentation | Race & Medicine in America  
Presenter: Dr. Abraham Hardee, Associate Chair for Family Medicine and Rural Primary Care |

**RACE & MEDICINE in America**

Join us for a live virtual conversation featuring Abraham B. Hardee III, DO, PhD. Dr. Hardee is the Associate Chair for Primary Care for Rural and Medically Underserved Populations at VCOM-Virginia, a family medicine practitioner at Community Health Center of the New River Valley, a VCOM-Virginia alum, and a former member of the Virginia Tech football team.

**NOV 10 Noon - 1:00 PM**

**FREE EVENT.** Registration is required.  
**REGISTER TODAY!** (Link Below)

Sponsored by the Southwestern Virginia Rural AHEC and VCOM-Virginia’s Diversity & Inclusion Committee
November 11, Friday  | Louisiana Campus, Zoom Presentation  | Millennium Advisory Services – Overview of VCOM’s Retirement Plan  
Presenters: Tim Silver with Millennium Advisory Services  
  
Of the many excellent benefits that VCOM provides, our retirement benefit is second to none. Millennium Advisory Services serves as VCOM’s service provider for employee education, advising and financial planning services pertaining to your retirement plans. On **Wednesday, November 11th (12:00 PM CST, 1:00 PM EST)**, Tim Silver, of Millennium Advisory Services, will be provide a presentation to all interested VCOM employees giving an overview of the VCOM Retirement Plan as well as what services Millennium can provide to employees, individually, to help you maximize your retirement benefit. All new employees are encouraged to attend. The presentation is also open to anyone else who wishes to hear more about this excellent benefit.  
  
Many thanks to the Louisiana Campus for facilitating this meeting. If you cannot attend, we will record the talk and have it available for later consumption.

November 11, Friday  | Virginia Campus, Zoom Presentation  | COMLEX Advising for Biomedical Advisors  
Presenters: Robert Campbell, M.S., Director, Student and Institutional Academic Success  
  
The COMLEX Advising session is for Biomedical Advisors for the Class of 2023. Advisors may begin meeting with their advisees once this session has been completed. Rob Campbell will notify the class that this is a normal part of VCOM’s support plans before the meeting so they will be aware. At the session, the form will be discussed and ideas will be shared. Mr. Campbell will be available afterwards if any faculty need assistance or have questions.  
  
Please note the same session will be held on Tuesday, November 17. You are asked to attend only one session.

Malika Fair, MD, MPH
Senior Director of Health Equity Partnerships and Programs at the Association of American Medical Colleges (AAMC).

Presentation:
Racism and Health: The Role of Physicians

This event is co-sponsored by the Student National Medical Association (SNMA)
https://vcom-edu.zoom.us/j/91535712738

Dr. Fair is the Senior Director for Health Equity Partnerships and Programs at the Association of American Medical Colleges (AAMC). In this role, Dr. Fair directs two federal initiatives, the Urban Universities for HEALTH (Health Equity through Alignment, Leadership, and Transformation of the Health Workforce) project and the Centers for Disease Control and Prevention (CDC) Cooperative Agreement with the AAMC. She also co-leads the AAMC Accelerating Health Equity, Advancing through Discovery (AHEAD) initiative which seeks to identify, evaluate, and disseminate effective and replicable AAMC-member institution practices that improve community health and reduce health inequities. Dr. Fair also manages the Office of Community Engagement that seeks to develop strategic partnerships with community agencies to improve the health of local residents. Dr. Fair is also an Assistant Clinical Professor and practicing physician in the Department of Emergency Medicine of The George Washington University. She is currently a member of the Board of Directors for the Not-For-Profit Hospital Corporation (United Medical Center) and Advisory Board of the Griffith Leadership Center within the University of Michigan School of Public Health and Department of Health Management and Policy. Dr. Fair completed her residency training and chief residency at Carolinas Medical Center in Charlotte, NC. She received her medical and Master of Public Health degrees from the University of Michigan and Bachelor of Science from Stanford University.

| January 26,       | Virginia Campus, Zoom presentation | The History of Osteopathic Medicine  
Presenter: Jan M. Willcox, DO, FACOFP-dist. Dean, Virginia Campus  
Join us as Dean Willcox provides an overview of osteopathic medicine and its development and practice.  
Topics to be discussed include:  
- the founder of osteopathic medicine and the first school of osteopathy;  
- influence of the state of medical practice in the development of osteopathy;  
- the role A.T. Still played in the development of Kansas as a Free State and Still’s contribution to the Civil War;  
- milestones in osteopathy that influenced the development and acceptance of Osteopathic Medicine through the years;  
- care of patients during the flu epidemic of 1918;  
- 1962 merger of the allopathic and osteopathic associations in California;  
- AMA and the federal government moved to accept D.O.s;  
- military acceptance and acceptance to AMA residencies and Board Certification.  
   (single accreditation history and progress and addressed in separate GME presentation) |
| February 1, Monday | Auburn Campus, Zoom Presentation | **The Intersectionality of Medicine/The Cloak of Invisibility**  
Presenter: Millicent King Channell, DO, MA, FAAO, FNAOME-Professor of OMM and Assistant Dean for Curriculum at Rowan University School of Osteopathic Medicine |

About Dr. Millicent K. Channell (King), D.O.
Issues of fairness and justice have long highlighted Dr. King’s pursuit of a purposeful and meaningful life. Long before she became an Osteopathic Physician, Dr. Channell championed human rights and equity within society, health, education and life. Dr. Channell asks us to evaluate ourselves as we traverse our careers in medicine. We are Humans first and Doctors second, as her lectures and presentation *The Intersectionality in Medicine/ The Cloak of Invisibility* invites us to examine where we are on this continuum.

Dr. Millicent King Channell is a graduate of the Philadelphia College of Osteopathic Medicine (PCOM). She completed residencies in both Family Medicine and Neuromusculoskeletal Medicine/Osteopathic Manipulative Medicine (NMM/OMM). She joined the faculty of Rowan University School of Osteopathic Medicine (formerly UMDNJ-SOM) in the Departments of OMM and Family Medicine. Dr. Channell has presented on OMM topics both nationally and internationally. She has made numerous scholarly contributions to osteopathic medicine; most notably she co-authored the book the 5-Minute Osteopathic Manipulative Medicine Consult (Lippincott Williams & Wilkins, 2008). She is a graduate of the Hedwig van Ameringen Executive Leadership in Academic Medicine® (ELAM) Program at Drexel University College of Medicine and the Costin Institute at Midwestern University. Dr. Channell is actively involved in the American Academy of Osteopathy (AAO), currently serving on its Board of Governors. Additionally, she is a member of Board of Directors for The National Board of Osteopathic Medical Examiners (NBOME) and she serves as a member of the ACGME's Osteopathic Principles Committee (OPC). Dr. Channell is a Professor of OMM and the Assistant Dean for Curriculum at Rowan University School of Osteopathic Medicine (RowanSOM)." Dr. Channell Board Certification is in: Family Practice, Osteopathic Sciences.

Please join us for this exciting journey as we explore “The Intersectionality of Medicine/The Cloak of Invisibility”.

Please join us for an overview of DynaMed with a focus on aspects that will be beneficial to faculty and staff, including incorporating DynaMed into a curriculum using embedded links and helping students find answers to clinical case scenarios.  

About Dynamed:  
DynaMed’s mission is to provide the most useful information to healthcare professionals at the point of care to improve health outcomes worldwide.  
DynaMed delivers the most current and accurate, evidence-based content for practicing clinicians. The multidisciplinary team systematically and objectively surveys emergent scientific literature and clinical practice guidelines. Relevant information is captured, appraised, and synthesized rapidly into DynaMed’s clinical content, with 6 rounds of updates a day on the site.  
DynaMed surfaces actionable recommendations, key takeaways, and synopses, as well as allowing users to dig deep into the underpinning body of knowledge and study details.  
DynaMed users are encouraged to create individual accounts which allows for a personalized experience, enhanced ability to track content of interest, and the ability to easily claim continuing education credits for use of the product.  
For more information, please visit www.dynamed.com.
Faculty and Staff Development Schedule 2020 - 2021

February 17, Wednesday
Carolinas Campus, Zoom presentation

LGBTQ+ Patient POV Panel

Join PRIDE in Healthcare and Pride Link in a discussion of LGBTQ+ biases and patient experiences in the healthcare system. The event will be held over Zoom on February 17th at 7 pm EST (see link below).

Panelists:
- Ash Penn (he/hem)
  Community Organizer
  Content Creator “The Student Life”
- Davelyn Hill (she/her)
  Executive Director of Speaking Down Barriers
- Elizabeth Sericchio (she/her)
  Co-Owner and Therapist of Amellia Counseling
- Ethan Johnstone (he/him)
  Founder of Pride Link
- Sawyer Huff (he/him)
  Youth Group Member and former Pride Link Intern
- Smitty Heavner-Sullivan (he/him)
  Nurse and Researcher at Prisma Health

This event is hosted by VCOM Carolina’s Office of Diversity and Inclusion

Italo M. Brown, MD MPH (Morehouse College '06, Boston University '08, Meharry Medical College '15) is an Assistant Professor in Emergency Medicine, and Health Equity & Social Justice Curriculum Lead at Stanford University School of Medicine. Throughout his career, Italo has been at the frontlines of social medicine and health equity. Italo is the Chief Impact Officer of T.R.A.P. Medicine, a barbershop-based wellness initiative that leverages the cultural capital of barbershops to address the physical and emotional health of Black men and boys. He is a former board member of the Tennessee Health Care Campaign, an organization that spearheads statewide advocacy efforts in support of the Affordable Care Act and Medicare/Medicaid Reform. Italo trained at Jacobi Medical Center and Montefiore Medical Center, two Bronx Hospitals ranked among the top 20 busiest ERs in the country. In 2017, the National Minority Quality Forum named Italo among the 40 Under 40 Leaders in Minority Health. An avid writer, Italo served with the ABC News Medical Unit, and has contributed health equity & wellness commentary to The New York Times, NPR, USA Today, GQ, Men's Fitness, and The Root. Italo also serves as a diversity, equity, and inclusion consultant for organizations like Google and YouTube.

HEALTH DISPARITIES: HAVING THE CONVERSATION
THE CLINICAL AND SOCIAL DISCUSSIONS WE NEED TO HAVE

HEALTH DISPARITIES VIRTUAL PANELIST SERIES

Join us for a series of discussions on health disparities that affect minority communities, especially the African American community. The series will focus on seven topics including COVID-19, colon cancer, breast cancer, maternal and fetal health, diabetes, mental health and chronic kidney disease. The events are virtual Zoom meetings with student moderators and physician panelists discussing the academic and clinical aspects of an identified health disparity. Student moderators will present the top clinical barriers and the physicians will discuss their clinical experiences.

| March 17,     | Carolinas Campus,      | **Engaging with Pediatric Gender Diversity**  
| Wednesday     | Zoom Presentation      | Presenters: Dr. Elaine Apperson and Dr. Michael Guyton-Nunley  
|               |                        | On behalf of VCOM Carolina’s ACOP, PRIDE in Healthcare, and the Office of Diversity and Inclusion, we invite you to attend a discussion on gender diversity and pediatric care. Join us in learning more about this topic from Dr. Michael Guyton-Nunley and Dr. Elaine Apperson, who specialize in adolescent medicine and pediatric endocrinology, respectively. The event will take place on Wednesday, March 17th, at 6 PM. Topics will range from humanistic considerations for pediatric patients and their caregivers to gender-affirming care. |
| March 19,     | Virginia Campus,      | **Peer Exam Review Committee Meeting (Open to all campuses)**  
| Friday        | Zoom Presentation      | Organizer: Dr. Randy Aldret  
|               |                        | Dr. Randy Aldret of the VCOM LC is coordinating a cross-campus opportunity to peer review exam questions together on Friday, March 19, at 11:00 am ET and 10:00 am CT. Teaching faculty from all disciplines are invited to participate via zoom.  
|               |                        | During this meeting we will discuss drafts of exam questions that have been voluntarily submitted by teaching faculty, and offer friendly suggestions to that faculty member for possible revision of their question(s), to best assist our students with preparation for boards. This activity has been conducted on the Virginia campus for years (known as PERC or PEER Exam Review Committee) and has been very successful in both improving the quality of exam items, and offering fellowship and greater understanding of the preclinical curriculum between teaching faculty across disciplines. We are now opening the meeting up to teaching faculty from all campuses, and Dr. Aldret has generously offered to host at this time. |
On Monday, March 22nd, at 7 PM EST, VCOM-Virginia will host Anne L. Koch, D.M.D., as she presents her lecture entitled “The Annie Show: Treating the Transgender Patient – A Personal Narrative.” In this presentation, Dr. Koch hopes to educate healthcare providers, students, and staff on how to interact with and serve the transgender population in their practice, as well as address medical and psychological needs of transgender individuals. Additionally, Dr. Koch will share her personal narrative, examining the stigma transgender patients face as they seek healthcare services through the eyes of the patient and through the eyes of an experienced healthcare provider. Continued below...

Objectives of this presentation include:

- Discuss established protocols and guidelines for treating transgender patients.
- Recognize the unique challenges presented to health care providers by Male to Female (MtF) and Female to Male (FtM) transgender patients, as well as by gender fluid individuals.
- Understand the incredibly diverse nature of the transgender spectrum and the status of gender fluidity.
- Recognize the emotional impact of transitioning, as it applies to both patients and colleagues.

| July 15, Thursday | Virginia Campus, Zoom Presentation | Overview of Concur Travel Program | **Presenter:** ____________________________________________  
VCOM is pleased to announce that we have been working with our travel partner Ottawa Hills and will be rolling out VCOM use of the popular Concur Travel program.  
For those unfamiliar, Concur Travel simplifies employee travel booking by helping to automate many steps, while also providing managers greater visibility and reporting. Employees are free to make preferential choices, then budget managers receive their travel requests electronically (including cost) and can remotely approve from wherever they may be. Concur is going to provide more timely information and easier access for our employees that are so frequently on the road, while helping to expedite the requisite workflow. |
### Key points of Concur Travel to know in advance:

- Employees may still use their personal credit cards to take advantage of rewards programs.
- Employees will continue to retain their personal frequent flyer miles, car rental and hotel priority points currently enjoyed.
- Concur allows you to input the reward numbers you already have, for direct earning associated with travel.
- Employees issued a VCOM credit card may keep that card available for booking as well.
- Budget managers will now know the cost of employees’ travel before the trip, rather than upon return.
- All employees may use Concur for **personal travel** and take advantage of VCOM negotiated rates and discounts.

Ottawa Hills will continue representing VCOM and negotiate group rates for planned events.

| July 28, Wednesday | Virginia Campus, Zoom Presentation | National Board of Osteopathic Medical Examiners (NBOME) Virtual Item Writing Workshop  
Presented by NBOME Staff:  
Andrea Clem, DO, Assistant Director for Test Development  
Marie Fleury, DO, MBA, Interim VP for Assessment Services  
Evelyn Ronkowski, Managing Editor  
During the workshop, a subject matter expert and editor will be available to answer your questions on constructing items, along with identifying and fixing item flaws. The workshop facilitators will present a selection of items from NBOME assessments, including well-performing items and rejected items. The Item Writing 101 course and workshop will aid you in writing clinical multiple-choice questions that reflect item-writing best practices, identifying common item flaws and potential ways to address them, and beginning to practice a collegial approach to item writing review and constructive critique.  
Learning objectives for the session include:  
- summarize the basic item-writing principles for multiple choice item examination formats.  
- identify common flaws in item writing and potential ways to address them.  
- write items that reflect item-writing best practices.  
- begin to practice a collegial approach to item writing review and constructive critique. |
