Hospital Information

Spotsylvania Regional Medical Center (SRMC) is a general acute care hospital with the following services:

- A 24-hour emergency room
- Advanced-technology operating rooms
- Advanced imaging, including CT, MRI and nuclear medicine
- Heart and vascular care
- Obstetrics and neonatal care (NICU)
- Intensive care
- Psychiatric care

Spotsylvania Regional Medical Center opened June 7, 2010 and is a part of HCA Virginia, which is the commonwealth's most comprehensive healthcare network.

SRMC is a hospital with 133 beds, all in private rooms, and a wide range of in- and outpatient medical services. Opened in 2010, Spotsylvania Regional is located on a 75-acre campus south of Fredericksburg on Interstate 95 and is a part of HCA Virginia, which is the Commonwealth's most comprehensive healthcare network.
