Community

Charleston, the South Carolina port city founded in 1670, is defined by its cobblestone streets, horse-drawn carriages and pastel antebellum houses, particularly in the elegant French Quarter and Battery districts. The Battery promenade and Waterfront Park both overlook Charleston Harbor, while Fort Sumter, a federal stronghold where the first shots of the Civil War rang out, lies across the water. Catch a few rays at one of Charleston's five distinct beach towns. Trek to The Edge of America, better known as Folly Beach for its surf, beachside bars, food trucks, and outdoor activities. Take the family to Isle of Palms for a day of sandcastles and splashes. For pure serenity and relaxation, pack a great book and venture to the serene islands of Kiawah, Seabrook or Sullivan's.
